

Dear Friends,

I thought you would like to know about this terrific resource!

A new kind of home improvement center now serves the DC region. **Community Forklift** is a unique thrift store that aims to reduce waste by encouraging the re-use of low-cost building materials. Shop at prices that are 40% - 80% below retail, or donate materials and receive a tax deduction. Either way, you and your community win!

Almost everything in this 40,000 square foot warehouse was originally on its way to the landfill, from beautiful antique materials to new items that are still in the original packaging. Perhaps you're looking for a pedestal sink or fireplace mantel? Maybe you're fixing up an investment property and need kitchen appliances and cabinetry. Other examples include granite countertops, wooden doors and shutters, sconces, floor tiles, and hardware. You just might find what you need here — and perhaps someone else can use what you're discarding!

Stop by the warehouse just over the DC line, in Hyattsville, MD. You won't regret it!

HOURS: Wednesday: 12pm - 7pm; Thursday - Saturday: 8am - 4pm
LOCATION: 4671 Tanglewood Drive, Edmonston MD 20781
TELEPHONE: 301-985-5180 www.CommunityForklift.com

Experience. The Competitive Advantage.
