## Garden Party Sponsorship Opportunities

We appreciate your interest in sponsoring Community Forklift's annual Garden Party! This mission-driven event is designed to connect our local community with the wealth of sustainable gardening and agricultural resources available within our community. We aim to showcase local businesses and nonprofits that provide education and services that support sustainable efforts in the DC metro area.

Drawing in 1,500 attendees each year, the Garden Party offers the opportunity to spread awareness of your brand and support Community Forklift's environmental work and community outreach. Sponsorship levels include brand recognition (website, social media, etc.) and inclusion in social media announcements, press releases, and more!

We currently connect with more than 12,100 folks through our monthly newsletter and 17,000 fans on our social media pages, while an average of 800 people visit our webpage and blog each day. Most of these folks are DC area residents who are eager to learn about local resources and responsible businesses like you.

## Sponsorship Levels

Bud - \$50	Bloom - \$100	Blossom - \$250
